

Meet Me at the Park

You Can Get Involved in Two Ways

- **First**, you may vote on one of three park improvement projects in 15 designated cities to help determine which project will receive a grant.
- **Second**, if your city is not one of the 15, you may nominate your city anywhere across the United States to be entered into a contest for a grant to support a park in need within that community.

You can **vote daily**, throughout the month of April, to help your community win a \$20,000 grant. Plus, for each vote you cast, you are entered to win a tablet outfitted for the outdoors and exploring your park! The city with the most nominations and park project with the most votes will win and be contacted by NRPA at the beginning of May.

Nature Center Outdoor Classroom at Lake Houston Wilderness Park

This project will enhance the nature education programs at the park by installing shaded, outdoor classroom to complement the Nature Center and enhance direct learning experiences for participants.

You can vote for this project starting April 1st by texting *lakehouston* to 35350.*

Mason Park Multi-Purpose Sports Field Improvement Project

The largest multi-purpose sports field at Mason Park will be enhanced to better serve local leagues. Over 2,000 players use this field every month for practice and games.

You can vote for this project starting April 1st by texting *mason* to 35350.*

Oak Forest Park Revitalization

This park is scheduled to receive a major makeover. Grant funds will be used to upgrade two tennis courts which offer free children's tennis lessons and open play throughout the year.

You can vote for this project starting April 1st by texting *oakforest* to 35350.*

*Standard texting rates apply.
